About us

Squire Alarms and Guardian Protection Services are part of The Squire Group.

The Squire Group is a family-owned fire safety and security company operating nationwide, based in the heart of Leicestershire, established in 1981.

We provide a wide range of security solutions including Intruder and Fire Alarm installations (with monitoring services), CCTV, Keyholding, Alarm Response, Locks/Unlocks, Vacant Property Inspections, Patrolling and Static Guarding and much more with 24/7 technical support from our team.

We are proud to share that Squire Group holds prestigious accreditations including NSI Gold, BAFE registration, SIA licensing, FIA and SafeContractor approval. These certifications reflect our commitment to the highest standards of security, fire safety, and operational excellence. Our dedication to quality and compliance ensures that we provide reliable and trusted services to all our clients.

Services

SQUIRE ALARMS

INTRUDER ALARMS & CCTV

We provide tailored Intruder & CCTV systems to protect your premises, with options for remote access and 24/7 monitoring.

FIRE SAFETY EQUIPMENT

We supply and maintain fire safety equipment, including extinguishers. Our solutions ensure your premises are fully protected, with regular servicing

FIRE RISK ASSESSMENTS

Our fire risk assessments identify hazards and provide recommendations to keep your premises safe and compliant. Each assessment is tailored to your site.

FIRE ALARMS

Our fire alarm systems are designed and installed to meet British Standards, ensuring reliable early detection and rapid response.

SERVICE & MAINTENANCE

Expert service & maintenance for all security systems, ensuring they remain fully operational and compliant. Our team is available for 24/7 call outs, keeping your premises safe at all times.

Services

SQUIRE ALARMS

ACCESS CONTROL

Our access control systems are designed to give you secure, flexible entry management. With tailored solutions, you can control who enters your premises with complete confidence.

EMERGENCY LIGHTING

We carry out testing and repairs of emergency lighting to meet British Standards. Our team provides regular inspections and 24/7 call out support.

FOG BANDIT

Our Fog Bandit systems provide instant protection by releasing smoke to deter intruders. We offer professional installation and regular maintenance.

FIRE DOOR INSPECTION

We conduct thorough fire door inspections to ensure compliance with British Standards. Our detailed checks help maintain building safety, protecting both occupants and property.

PAT TESTING

We provide Portable Appliance Testing (PAT) to ensure your electrical equipment is safe and compliant, helping you meet legal requirements and reduce risks.

Services

GUARDIAN PROTECTION SERVICES

KEYHOLDING AND ALARM RESPONSE

Our keyholding and alarm response service offers 24/7 protection, with rapid response to alarms, emergencies, & security breaches, giving you peace of mind around the clock.

LOCKS & UNLOCKS

Our keyholding and alarm response service offers 24/7 protection, with rapid response to alarms, emergencies, & security breaches, giving you peace of mind around the clock.

STATIC GUARDING

Our SIA-licensed security officers provide a strong on-site presence to protect your premises, staff, and assets. Available 24/7, our static guarding service delivers reassurance, quick response, and a visible deterrent to crime.

PATROLS & VOID PROPERTY INSPECTIONS

Our mobile patrols and void property inspections provide a visible security presence, helping deter intruders and identify risks, with detailed reporting for your assurance.

Project Timeline

01

Enquiry

Once we receive your enquiry, it will be reviewed, logged in our CRM and passed over to our sales team.

02

Survey

Should a survey be required, our sales team will arrange an appointment to visit the premises.

03

Quotation

With the information gathered from the survey, a tailored quotation will be produced and provided to you.

04

Approval

We will await your acceptance. Once you have reviewed and are happy to proceed with the quotation, we will pass this over to our installation team.

05

Installation

Once equipment is arranged, we will contact you to arrange an installation date that suits your schedule.

06

Completion

Post installation, we will provide the necessary documents and all relevant certification.
